

Mission summary - (Initially based in Sudbrook). “for I have many in this city (area) who are my people” Acts18:10

Why Sudbrook?

I believe the Lord has called us back to South Wales to minister to the homes and housing estates within the South Eastern corner of Wales. This started about three years ago when God clearly spoke to me and said “I have place before you an open door” (based on Revelation3:7,8). Over time this has been confirmed and resulted in Ruth and myself moving back to South Wales.

Most recently I have been reminded again of this promise. The reminder has come in the shape of a key that I found (I’m still trying to trace the owner). This is not the first key that I have spotted abandoned but those are other stories. This key however reminds me of the one who holds the key, Jesus himself, and he is the one who opens doors and confirms that he has placed that open door before us!

My gifting is in leadership and would want to engage with Christians in the area and to seek to encourage them to be involved in the work, initially with a focus on the new housing estates in Sudbrook, and then extending to the surrounding area. I am also studying at the South Wales Baptist College in Cardiff.

We have recently started a prayer meeting for the work in Sudbrook, there is a website and, we have the use of the Presbyterian chapel. We have started to contact residents to establish those who are interested in being part of a church in Sudbrook.

Please pray with us that:

God will place Christians in Sudbrook who would be involved in this exciting work.  
God will be at work in the community and will guide our prayers, contacts and activities.
